home, Play Day, Red & White
Day**
**June 27th-Recognition
Assembly**
June 28th-PA Day (no school)

Only one month to go? You have got to be kidding us! Where has the year gone?

There will be fast paced and jammed packed weeks ahead of us. We will be enjoying many fun activities and assemblies. We also have a few items to finish up in class.

We would like to take this opportunity to express the joy and pleasure we had working with the children in our class this year. They are all a great group of kids and classes we will always remember. Please contact us if you have any further concerns or questions before the holiday begins.

Have a safe and relaxing summer everyone!

Your Loving Grade 3 Teachers,

Mrs. Harper, Mrs. Does & Mrs. Maltby

What we're doing in class

Language Arts

We have been having a lot of fun being creative in our writing unit on poetry. We have learned what similes and metaphors are and how they can be used in poetry. The students have also created a variety of poetic pieces of their own. We also can't wait for our Poetry Café, where each student will present a memorized poem.

In reading, we will be sharing some non-fiction texts on soil. We continue to discuss a variety of reading strategies and how they help us with understanding the information we read.

Math

We will be revisiting challenging concepts relevant to our students in order to help deepen their understanding. During this time we will also be playing some fun math games and activity stations.

Donations

We are down to a few boxes of tissues. If you have a box to donate, we would greatly appreciate it. We've had lot of sniffles with colds and allergies. Thank you!

Reminder

Last Day of Classes June 29th!

Gym

We have been working on many different skill development activities. We will be finishing our school year off by playing t-ball and soccer baseball. If your child has a glove, they're welcome to bring it to school.

The students are often outside for gym/DPA this time of year. Please make sure your child has proper footwear (no flip flops)..

Science

We are putting the finishing touches on our structures unit and are building bridges. We can't wait for the students to share their finished bridges and present them to the class.

We will end this year with one final unit on Soil. Let's get dirty!
